

Chesterton Community College

Geography Homework

Year 10

Geography homework tasks are designed to:

- Prepare your child for future topics.
- Help your child recall knowledge from past topics.
- Help your child revise for assessments, mock exams, and final exams.

Instructions for current homework tasks appear on **EduLink**. You can view the current homework tasks using your parent account.

Some homework tasks are quizzes in the 'Homework' channel on **Teams**.

Most homework tasks are assignments on the platform **Seneca**. If your child does not have a Seneca account from Year 9, they need to create one using their full name and school email address. Seneca assignments are set by class. Your child can join their class on Seneca using these codes:

Class	Code
X1	uac3b9xd9c
X2	485qg4sipm
Y1	insucwm3gq
Y2	j905jvqta7
Z1	gn5qvhp0nt
Z2	cl2wipuhq

One homework task is set each week. The instructions for planned tasks are below. Your child's teacher may also create custom homework tasks to help their progress.

If your child has any problems completing their homework they must speak with their Geography teacher on the school day before it needs to be completed.

If you have any general questions about Geography homework, please email jmoore@ccc.tela.org.uk. If you have any questions about specific homework tasks given to your child, please contact their class teacher.

Tasks

10.1 – Seneca – Tectonic Hazards

Complete the Seneca assignment named '10.1 – Tectonic Hazards'.

10.2. – Revision – Tectonic Hazards
