

Chesterton Community College

Geography Homework

Year 11

Geography homework tasks are designed to:

- Prepare your child for future topics.
- Help your child recall knowledge from past topics.
- Help your child revise for assessments, mock exams, and final exams.

Instructions for current homework tasks appear on **EduLink**. You can view the current homework tasks using your parent account.

Some homework tasks are quizzes in the 'Homework' channel on **Teams**.

Most homework tasks are assignments on the platform **Seneca**. Your child should have a Seneca account which you can log into using their school email address. If they are unable to log in to their Seneca account, they need to press 'forgot my password'. Their teacher cannot reset their password. Seneca assignments are set by class. Your child can join their class on Seneca using these codes:

Class	Code
X1	7dmdgk8wj5
X2	ku0jww6zlm
Y1	8ssemd43tn
Y2	hzskg028tn
Z1	yfqoifsc0q

One homework task is set each week. The instructions for planned tasks are below. Your child's teacher may also create custom homework tasks to help their progress.

If your child has any problems completing their homework they must speak with their Geography teacher on the school day before it needs to be completed.

If you have any general questions about Geography homework, please email jmoore@ccc.tela.org.uk. If you have any questions about specific homework tasks given to your child, please contact their class teacher.
