Challenge...

One of the themes we will be studying in Y12 is 'le patrimoine', which will cover the cultural heritage of the regions of the francophone world. Explore the Unesco sites from the French speaking world. Choose a site and prepare a 3 minutes presentation in French.

You can include the location of the site, historical details and its importance in the cultural heritage of its regions. You can start your research with the Unesco

You could choose to take your learning further...

By keeping yourself informed on French news. As you will know in languages little and often is the best way to retain concepts, vocabulary etc. So while you are sunbathing by the pool, day dreaming in the garden or being insomniac in bed, look up some French news once a week and make notes of anything you understand. Here are some suggestions of places to find regular news in French:
